

Beautiful Feet Ministries

INACT STREET

Beautiful Feet Ministries experience Christianity in real shoe leather!

Come step out of the comfort zone and into the lives of the needy and brightly shine the light of Christ! Since 1981. The heartbeat of Beautiful Feet Ministries has been to share the Gospel of Jesus Christ with the needy. The ministry meets many practical needs of those living in inner-city Fort Worth. Some of those practical needs include the following:

- BFM serves a breakfast and lunch, the Word of God is also taught and/or preached to the people.
- A Medical clinic started by Dr. David Capper, and now with other doctors joining him, provides free medical care on one day of the week.
- A dental clinic started by Dr. Tom and Lucia Howorth also provides free dental care.
- BFM serves as a weekly clothing distribution center for men, woman, and children.
- Community service workers find a place to work off a judge's orders, and many have seen their lives change for the better. Some have returned after their hours were served.
- BFM reaches out to the unemployed, sometimes providing various jobs to meet specific needs.
- BFM offers volunteer opportunities for all people of all races including the mentally challenged and the handicapped.
- BFM's ministry to children has expanded with evangelistic spring and summer kid's clubs conducted by groups coming from all over the United States.
- BFM's ministry to youth began with a basketball team and now the youth ministry hosts its own facilities called the "Sonshine House."
- Discipleship takes place daily as men who are willing to make a year's commitment to the ministry are accepted into the Restoration House. The house has become quite a tool for changing many lives.
- Friday night street outreaches have been part of the Feet's ministry since its early existence. BFM has conducted numerous outreaches with groups from all over the globe. The outreaches feature taking the Good News to the needy in night shelters, on the streets, in liquor store parking lots, and in housing projects.
- BFM works with the chaplaincy program at the Federal Woman's Prison at Carswell Joint Military Base. A BFM team leads prison services, taking the Good News to two facilities each month.
- BFM provides Sunday morning worship services, complete with breakfast, lunch and needed clothing. A bus/vans are provided for transportation to the powerful services open to all people.
- BFM networks with the Bill Glass Weekend of Champions, sending prison counselors during various weekends during the years.

BFM provides volunteer opportunities of service for churches of different denominations in the Fort Worth and across America.
